ARTTU SUHONEN

SOFTWARE DEVELOPER

WORKING EXPERIENCE

Software Developer

M-Technology

Vue.js, Pug, Bootstrap, C#, Scrum, Manual testing

10/2024 - 03/2026

6 kk

I was a Full-Stack Developer at M-Technology. My tasks included Sprint coding, where e.g. updates to their product, fixed bugs and created new features. During the internship, I became familiar with the Scrum way of working and how software development works in projects.

Postal Worker

Posti Jakelu Oy

Present

2024 ->

I do address verification, i.e. I find out the correct address for undelivered mail and sort the junk mail on the shelf of the sorting machine.

Seller

S-Market Haukipudas

2020 - 2024

I was a salesperson at S-market Haukipudas. I was there for almost 4 years. So I know a lot about customer service. I did normal shop work, shelved goods, served at the cash register, etc.

Trainee and Postal worker

Posti Jakelu Oy

4.4-9.6.2023 +

Summerjob

I sorted mail to different towns, arranged places and delivered mail by car and cart.
